## KIDS: THE MOST IMPORTANT INGREDIENT

October 20, 2010 by JoLynne Lyon

A boy opens a play castle door in the new developmental playground.

The CPD's developmental playground remains a work in progress, but it received its most important ingredient this week: kids! From the looks of things, it's a hit.

Our thanks go out to everyone who has donated so far, and to The Herald Journal, which featured a story on the playground in the paper this week.

For more photos of the playground, its progress and the children who enjoy it, visit our Facebook photo album.
